

Cookie Policy

This cookie policy applies to www.passky.org operated by Rabbit Company LLC of 1603 Capitol Avenue, Suite 413A, Cheyenne, WY, Laramie, 82001, United States (“we”, “our” or “us”) acting as data controller in accordance with the General Data Protection Regulation (“GDPR”) and the Privacy and Electronic Communications Directive (“PECD”).

In this Cookie Policy, we inform you about the use of cookies on our website, which cookies we are using and how you can manage your consent to stored cookies.

What are cookies?

A cookie is a small simple file that is sent along with pages of our website and stored by your browser on the hard drive of your computer or other device. The information stored in it may be returned to our servers or to the servers of the relevant third parties on a subsequent visit.

Cookies transmit small amounts of data about your device to our web server. They enable websites to recognize your computer, smartphone, or other device when you browse the internet. Tracking pixels, pixels, JavaScript and other tracking technologies also use cookies, invisible images or invisible codes that collect data about a user's visit to the website in a similar way to cookies. Depending on how long a cookie remains stored, we may refer to cookies as session cookies or persistent cookies:

i) Session cookies

A session cookie is deleted when you close the website in question. A session cookie allows a website to recognize you while you browse the website, but the cookie is deleted when you log out or close the website in your browser.

ii) Permanent cookies

A persistent cookie recognizes you again and again for a set period of time. It remains stored on your device or in your browser for this period (which can be minutes, days, or months) after you have logged out or closed the browser. Persistent cookies are used, for example, to store certain settings you have made on a website (such as your preferred language).

Cookies we use

The cookies that may be used by us can further be categorized as:

i) Essential or Necessary cookies

These cookies are needed to ensure that this website works properly and is secure so that you can navigate the website and use its features. At the same time, we store your preferences regarding our use of cookies on your device. Without these cookies, certain features of the website would not be available (for example, logging in to restricted areas of the website or using our affiliate links). You would also not be able to use certain services on the website. These cookies do not collect any of your data for marketing purposes and they are not used to monitor your activity on the internet generally.

ii) Functional cookies

These cookies allow a website to remember the options you have selected (including user ID, disclaimer consent and your preferred language), your username if applicable, and any custom settings you have made (e.g., font sizes) or personalization options you have selected when browsing. It may also be used to provide you with certain services that you may use.

Why do we provide information about cookies?

The provision of information about our use of cookies is required and set out in the PECD. Accordingly, the use of analysis and performance cookies and advertising cookies requires your consent and thus the legal basis for the collection of your Personal Data through analysis and performance and advertising cookies, is your consent. *However, as we are currently not using any analysis and performance and advertising cookies, we are not required to obtain your consent.*
